Summary

Fresh Computer Science graduate with hands-on experience building web applications using Python, Django and React. Looking for an entry-level software developer role.

Education

BSc in Computer Science and Engineering - Sample University of Technology, Dhaka (2022-2026)
CGPA: 3.45 / 4.00. Final year project: student result management system.
HSC (Science) - Sample College, Dhaka (2020-2022), GPA 5.00

Skills

Programming languages: Python, JavaScript
Frameworks and libraries: Django, React, Tailwind CSS
Databases: MongoDB, SQLite
Tools: Git, GitHub, VS Code, Linux, Postman

Projects

Student Result Management System (Python, Django, MongoDB)

- Built login, result entry and report card pages for teachers and students.
- Wrote 25 unit tests with pytest and deployed a demo on a free host.

Expense Tracker Web App (JavaScript, React)

- Created a responsive dashboard with category charts and monthly summaries.

Campus Event Finder (Python, Django)

- Team of three students; implemented event search and email reminders.

Experience

Software Engineering Intern - Demo Tech Ltd, Dhaka (Jun-Aug 2025)

- Fixed 12 bugs in an internal Django admin tool.
- Wrote documentation for the team onboarding guide.

Certifications

Python for Everybody (online course, 2024). Git and GitHub Fundamentals (online course, 2024).

Languages

Bangla (native), English (professional working proficiency).
